

British made to PEL conservation specification. Full drawer extension slides with steel roller bearings and dust shields.

- Heavy Duty storage cabinet for large format papers or keeping large collections.
- Store large material or objects up to 2.5 meters wide with a maximum depth of 1.6 meters making this one of the largest storage cabinets in the world.
- Constructed from high grade steel (1.5mm - 2.5mm) this gives the cabinet complete stability when storing heavy items and can be stacked for maximum storage requirements.
- The deep drawers (70mm - 250mm) have a triple runners system that has the capability to hold 70Kg -100Kg per drawer and be fully extended in use.
- Extremely strong runner system (8 bearings per drawer) which is easy to clean.
- Laminated Safety Glass drawer tops are also available for secure visible storage display.
- We can supply the drawers with drop down fronts for easy storage of heavy items enabling them to slide in or out of the drawer unit without lifting them over the drawer front.

Please note: mid grey will be delivered if colour is not specified on the purchase order.

Paintwork is conservation quality powder coated which does not off gas making the cabinet archivally safe.
